Heyy, we're Shuchi and Nikhil!  
Having been on both sides of weddings—as a bride and groom, and now as planners—we understand the chaos and stress that comes with it. Our goal is to let you and your loved ones fully enjoy your celebrations while we ensure everything runs smoothly.

As a cross-cultural couple, we love bringing weddings from different traditions to life in Bangalore, recreating the experience and warmth of a wedding in your home state.

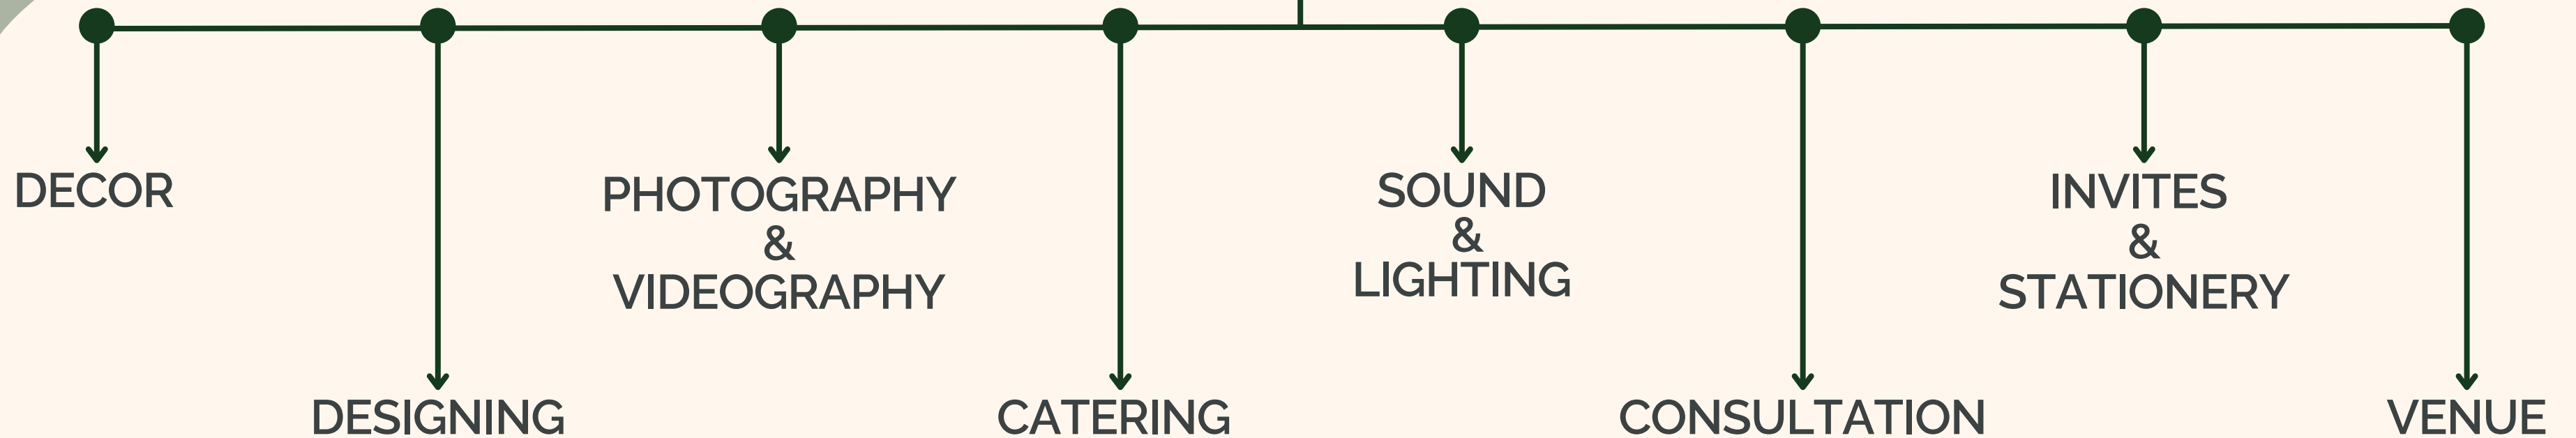

# ABOUT *Us*

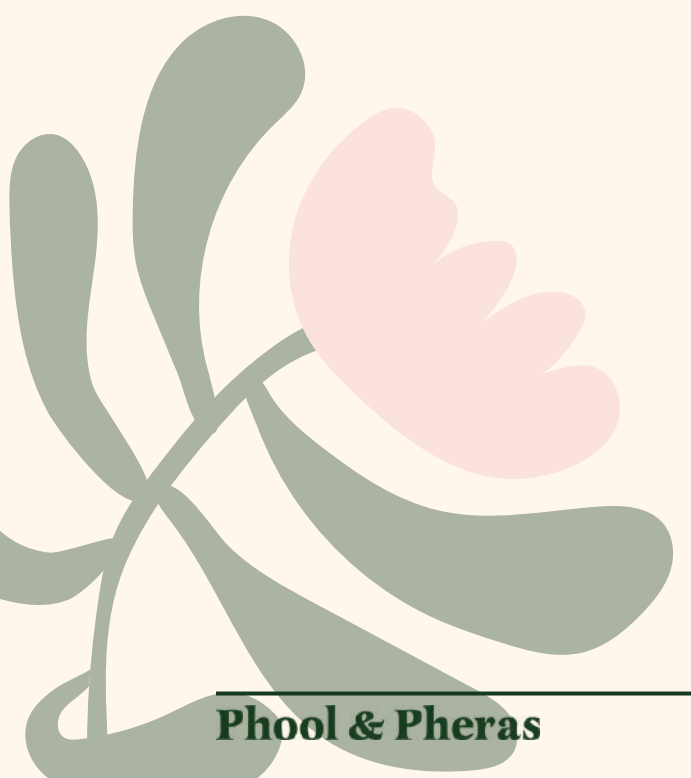

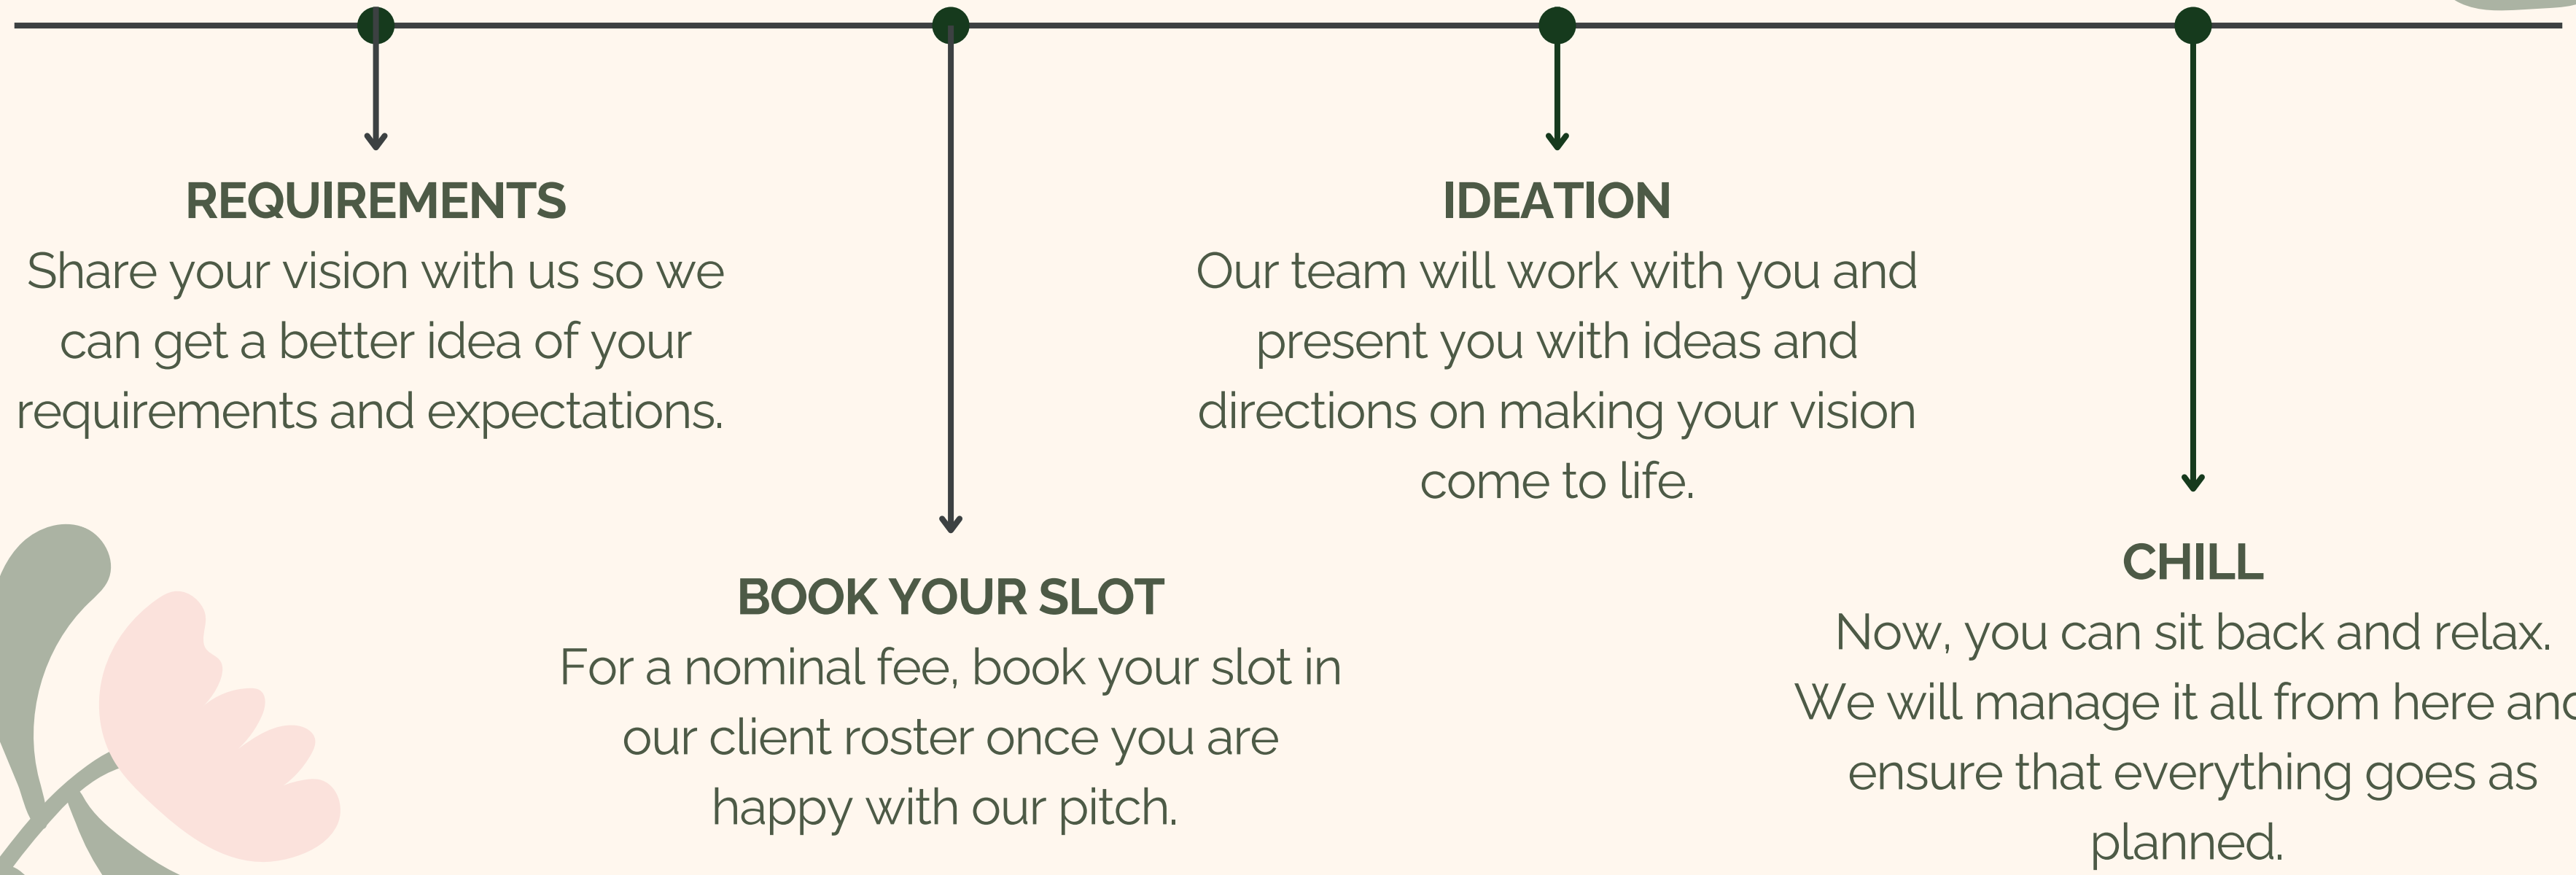

Phool & Pheras was born out of our love for weddings and the need to bring to life some of the happiest moments of people's lives. With a dedication to weaving dreams into reality and a commitment to perfection, we pour our hearts into every detail, ensuring your special day is nothing short of magical.
